

I would like to bring forward a motion to cap reserves at \$60,000,000.

That any future surplus be allocated to the improvement of ROADS AND BRIDGES.

Beginning in the 2026 Budget year that Public Works Budget be increased an additional \$12,000,000.

Additional information will be provided at May 7, 2025 Council meeting.

I would like to add to the May 7, 2025 agenda that the motion to rescind council members remunerations be dropped and reversed back to the original motion that was passed.

REASONS:

1. I believe that the original motion was correct.
2. I have had NO complaints against the increase in pay.
3. The only comment I have had said "we were crazy to go down to five". By going down to five the work of each councillor goes up and thus pay should go up as well. COMMON SENSE
4. Meetings will go up for those councillors invested in doing their job again. COMMON SENSE
5. For those not willing to invest the time in their job, maybe they should find a different job.
6. Meetings schedule for listing myself at 22 meetings is a joke. The meetings I attended for 2023 were 72 and for 2024 were 69. In 2024 I was in the hospital and had a death in the family and I missed my first and only convention.

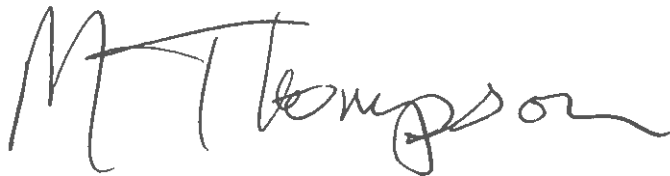

- Conventions

- District meetings

- All AGM'S that the County supports

All of the above mentioned should be attended by ALL councillors unless they are on their death bed.

If democracy gets any more diluted then a dictatorship run by a few becomes the norm.
